### VERSE 1

                  D                                  D7  
There are beards that reach down to your toes  
          G  Gm  
And beards that grow right up your nose  
                  D                                  Cdim  
They're quite impressive I suppose  
          G  A  
But I think I love your beard the most

### VERSE 2

          D                                  D7  
Well some are big and some are small  
          G  Gm  
And some men don't have one at all  
          D                                  Cdim  
My grandma had one I recall  
          G  A  
But ladies' beards aren't beautiful

### MIDDLE

G  D          Cdim D7  
Just the sight of a beard can cure a frown  
G  D          Cdim D7  
Naked chins just leave me feeling down  
          G                                  Gm  
Oh if your beard was mine to kiss  
          D                                  Cdim  
I just don't think I could resist  
G  A    A7  
Lately that's all I've been dreaming of

### VERSE 3

          G          D                  D7  
Oh all great men who've been revered  
          G                                  Gm  
Have facial hair from ear to ear  
          D                                  Cdim  
And even though its hard to hear  
          G          Gm                  D    D7 G Gm D  
I think only love you for your beard.
