VERSE 1

C
Well alright, I'm back on my feet again
F
Wits sharp like a brand new fountain pen
C
Oh I'd sing it, I'd it through
F
With confidence if only it were true
C
For a year I've been stuck inside my bed
F
The only songs were sung in inside my head
C
So come on darling, give me just a little hope
F
I need something to set my heart a-glow

PRE-CHORUS

Am
Wanna fear the trumpet's lightning
F
Wanna feel my heartbeat heightening now
Am
Come on let me hear the strings a-swelling
F C
Bass guitar and the drums propelling me

CHORUS

F C
Come on darling, gimme just a little bit of time
F
Oughta be just fine

VERSE 2

C
Feeling good, but I'm I'll at ease
F
Feeling fine but I just can't make ends meet
C
Been pacing 'round, up and down the avenue
F
For all I'm worth I can't crank out a single tune

PRE-CHORUS

Am
Wanna die in major keys
F
Three shots from the symphonies
Am
Golden chorus gonna knock me down
F C
Your harmonies your melodies your wall of sound

CHORUS

BRIDGE

(Open C string only)
Heard a song that I just can't shake, Shook my body like an earthquake
Now you got me singing left and right, Wanna hear it from both sides, well alright
C
Well I heard a song right across the wire, Struck a chord set my heart on fire
Now I gotta hear it over again, And oh I gotta tell all my friends so come on
