Ooo... Lalala... 2x

Verse:

Please baby tell me what is goin' on
'Cause I need to know just what you plan
And if this is the end of our love affair
Please help me to understand

Pre-Chorus:

Was I not the man
Who gave you my lovin'
And gave you all my heart
Now I'm so lost and lonely
My one and only girl has gone away

Chorus:

No more lonely nights lying awake
And no more tender hugs and kisses for you babe
I'm so tired of playing silly games
For it's you that is the cause of my heartache
My heartache

Ooo... lalala... My heartache
Ooo... lalala... Listen!

Verse:

Now girl I can tell from the look in your eyes
Your feelings have somehow changed
And it breaks my heart that you didn't give love a chance
'Cause it was over before it began
