

Little Ghost

The White Stripes

INTRO

A

CHORUS

A D A
Little ghost, little ghost, One I'm scared of the most

A E7
Can you scare me up a little bit of love?

A D A
I'm the only one that sees you, And I can't do much to please you

A E7 A
And it's not yet time to meet the lord above

VERSE 1

A D A
The first moment that I met her I did not expect a spectre

A E7
When I shook her hand I really shook a glove

A D A
She looked into me so sweetly and we left the room discreetly

A E7 A
No one else could know the secret of our love

CHORUS

VERSE 2

A D A
Every morning I awoke and I see my little ghost
A E7
Wondering if it's really her that's lying there
A D A
I lean to touch her and I whisper, but not brave enough to kiss her
A E7 A
When I held her I was really holding air

CHORUS

VERSE 3

A D A
Though I try my best to keep it there really was no secret
A E7
Must have looked like I was dancing with the wall
A D A
No one else could see this apparition
D A
But because of my condition
A E7 A
I fell in love with a little ghost and that was all

CHORUS

OUTRO

A E7 A D A E7 A
No it's not yet time to meet the lord above
