

Remember

Misty Miller

VERSE 1

G D
Do you remember me? I was the girl about five foot three
Em C
Do you remember my eyes? Blue, blue as the skies
G D
Do you remember my dress? The blue one with the white flowers
Em D7
But it got all wet cause of the April showers

G D Em C

VERSE 2

G D
I look a little different than before, now I am five foot four
Em C
And my hair's no longer pink, I washed that color down the sink

I've got a few more things pierced, and I think they look well fierce
Em D7
And one day I hope you'll see, and they will make you love me

CHORUS

C D Em D
Do you remember? Cause I remember
C D G Gsus4
All the nights wishing that we were kissing
C D Em D
Do you remember? Cause I remember
C D C
All the nights wishing that we were kissing

VERSE 3

G D
It's been a while and I learned new tricks, and now I'm almost five foot six
Em C
Wondering just where you are, could you really be that far
G D
Maybe if you saw me today, you'd see me in a different way
Em D7
See me in another light and love me whatever my height

CHORUS

INSTRUMENTAL

C D Em D
C D C

VERSE 4

Do you remember, remember? No, not the fifth of November

But the twelfth of March, when you broke my heart
G D
Do you remember, remember? No, not the fifth of November
Em C G D Em
But the twelfth of March, when you broke my heart
C G D Em
When you broke my heart
C C
When you broke my heart
