

Tallulah

Allo Darlin'

Capo 2nd fret

INTRO

G D Am Em

VERSE 1

G D Am
On a drive from St Lucia to Surfers in my old university car
Em G
We had the windows down for our aircon, the door was so hot that you burned your arm
D Am
It was the tail end of a summer and the heat washed in with the breeze
Em
And you were searching something to sing to
G D
As the radio played, another terrible song
Am Em
But lucky for me, you found the tape with Tallulah on

CHORUS

G D
And it's been a long time, since I've seen all my old friends
Am Em
But I really love my new friends, I feel I've known them a long while

VERSE 2

G D Am
Then last summer you wrote me a letter, on the back of a surf magazine
Em G
You said you didn't have any paper, maybe you wondered what could have been
D Am
So I sent you a postcard from Berlin of a fat man eating a sausage
Em
It hid the fact that I was hiding
G D
As the DJ played another terrible song
Am Em
But lucky for us, we found a bar with The Maytals on

CHORUS

MIDDLE

G D Am Em
I'm wondering if I've already heard all the songs that'll mean something
G D Am Em
And I'm wondering if I've already met all the people that'll mean something

G D Am Em

VERSE 3

G D Am
But I find myself daydreaming of the places where we used to stay
Em
Used to brush them away
G D Am
St Kilda, Coolangatta, Bondi Beach & Coogee Bay
Em
I like the sound of their names
G D
And I wonder if you would wanna go there with me
Am Em
When I'm finished over here if you're not finished with me
G D
And I wonder if you would wanna go there with me
Am Em
When I'm finished over here if you're not finished with me
G D
And I wonder if you would wanna go there with me
Am Em G
When I'm finished over here if you're not finished with me
