INTRO

Em D x2

VERSE 1

Em   D
I'm going to knit myself a sweater.
Em   D
A sweater that will keep me warm at night.
Em   D
Just how many days here must I weather?
     C   B
Just biding my time...
               Em
'cause when I call you on the phone,
        A
I'm still lost, I'm still alone.
                     D   Em
Who's going to make it right? (Oooh wah ooh)
                     D   Em
Who's going to make it right? (Oooh wah ooh)

VERSE 2

Em   D
I'm going to write myself a letter.
Em   D
A letter that will make me feel alright.
Em   D
I'll read it to myself five times or seven.
     C   B
But I can't deny
             Em   A
I'm going to need a little more than just some thought that I adore
                    D   Em
To keep me warm at night. (Oooh wah ooh)
                    D   Em
To keep me warm at night. (Oooh wah ooh)

MIDDLE

```
G                                         D
Nine days don't amount to much when you cross them off a wall.
G                              D              F#
And I thought I was out of luck 'til you came along and made me fall.
          Bm                          E
Now there's nothing more to say, since you left and gone away.
        C                             B
And I just don't think I'll get through the night.

            Em                            A
I'm going to need a little more than just some thought that I adore
                 D              Em
To keep me warm at night. (Oooh wah ooh)
                 D              Em
To keep me warm at night. (Oooh wah ooh)
