

# Wolves

## Phosphorescent

① = A=    ③ = C=  
② = F    ④ = G=

Or capo at the first fret

### INTRO

C Dm F C

### VERSE 1

Dm                    F                    C  
Mama there's wolves in the house  
Dm                    F                    C  
Mama they won't let me out  
Dm                    F                    C  
Mama they're mating at night  
Dm                    F                    C  
Mama they won't make nice

### VERSE 2

Dm                    F                    C  
They're pacing and glowing bright  
Dm                    F                    C  
Their faces all snowy and white  
Dm                    F                    C  
Bury their paws in the stone  
Dm                    F                    C  
Make for my heart as their home

### CHORUS

Am                    G                    F  
They tumble and fight and they're beautiful  
Am                    G                    F  
On the hilltops at night, they are beautiful  
Am                    G                    F  
Blazing with light is the whitest and the tallest and the biggest one  
Am                    G                    F  
She's muscled and fine when she runs

C

### VERSE 3

Dm                    F                    C  
They're tearing up holes in the house  
Dm                    F                    C  
They're tearing their claws in the ground  
Dm                    F                    C  
They're staring with blood in their mouths  
Dm            F                    C  
Mama they won't let me out

Dm F C x4

### CHORUS

Dm                    F                    C  
Mama there's wolves in the house  
Dm    F                    C  
Mama I tried to put them out  
Dm                    F                    C  
And mama I know you're too wise  
Dm                    F                    C  
To wait till those wolves make nice

Dm F C x4
